FOR MEDICAL SUPPLIES

Health at the center of life.

Health at the center of life

Centra is a specialized medical company operating in Egypt since 2019. We are dedicated to delivering high-quality products to healthcare providers across all Egyptian provinces. As the exclusive distributor for renowned agencies such as Microport, United Orthopedics, OHST, Medical Bees, Ningbo, and Synimed, we pride ourselves on our commitment to excellence and innovation in the medical field.

Mission

Our mission is to enhance the quality of healthcare in Egypt by providing top-notch medical supplies and fostering strong partnerships with leading global medical agencies. We aim to support healthcare professionals with the best tools and products to improve patient outcomes.

Future Vision

Looking ahead, Centra envisions significant growth and expansion. By 2030, we aim to transform into a large-scale company with:

Workforce Expansion

Growing our team to up to 200 employees, bringing in diverse talents and expertise.

Comprehensive Portfolio

Expanding our product range to cover all orthopedic sectors, ensuring a one-stop solution for all orthopedic medical needs.

Innovation and Excellence

Continuously improving our services and product offerings to stay at the forefront of medical advancements and industry standards.

Commitment to Quality

Centra is committed to maintaining the highest standards of quality in all our products and services. We work closely with our partner agencies to ensure that every product we distribute meets stringent quality control measures and complies with international medical standards.

CEO Word

Caring about our employees means acknowledging the challenges and changes we all face, especially in today's dynamic world. We are committed to being adaptable and responsive to your needs. Whether it's providing support during personal hardships or adjusting to new ways of working, we stand with you.

Maged Elgamal
Chief Executive Officer

COO Word

Every day, we are entrusted with the health and well-being of our patients. This is a profound responsibility that requires not only our expertise and skills but also our empathy and dedication. Our patients come to us at their most vulnerable, seeking our help, our support, and our compassion. It is our duty to ensure they receive the best possible care, both medically and emotionally.
